

The Flood Maps as identified in this map are incomplete and will be subject to further change to reflect the agreed amendments. These changes will be incorporated in the final printed version of the plan, which will be published in October 2011.

- |                        |  |                                    |          |                     |           |                                      |
|------------------------|--|------------------------------------|----------|---------------------|-----------|--------------------------------------|
| Settlement Boundary    | Open Space / Sports Recreation / Amenity | Town Centre / Neighbourhood Centre | Industry | Special Policy Area | Utilities | Area Susceptible to Flooding: Zone A |
| Existing Built-up Area | Residential                              | Community / Utility                | Business | Enterprise          | Roads     | Area Susceptible to Flooding: Zone B |
|                        |  |                                    |          |                     | Walkways  |                                      |
