

**Ballincollig Carrigaline Municipal District Meeting on  
20th April 2018**

**GMA - Fund Allocation**

**To: Chairperson and Each Member of the Municipal District**

As outlined in my email of 23rd March after the allocations were made I discovered an error. As advised this occurred as the application from Harlequins did not indicate on their application which funding source they were looking for. The application is to undertake upgrading works in their complex, mainly around the kitchen.

Whereas we had reassigned a number of similar occurrences for some reason this one did not reallocate. Regretfully when copying over information to prepare the proposed allocations for Members consideration this application was then overlooked. Having rechecked the reports I am satisfied that this is the only application involved.

Looking at my notes I had intended to recommend to the meeting an allocation of €10,000 be considered. I can confirm that following the allocations approved at the March meeting there are funds in the GMA to finance this allocation.

I am now putting forward this proposed allocation to you for consideration.

Kevin O' Regan  
Municipal District Officer
