Streetscape Painting & Signage Scheme 2018

To: Chairperson and Each Member of the Municipal District

Following on from previous years the Scheme will run again for 2018. Where a person undertakes the work themselves up to 100% of the cost of materials can be obtained. **The closing date is Friday 1st June 2018.**

We hope to concentrate again on Passage West and Douglas and also include Ringaskiddy. I have set out a proposal under item 4 on the Agenda in relation to an increased budget for 2018 that would allow for this.

There have been particular difficulties in relation to a number of buildings in Passage West in that they are 3 storeys and on the street front. Where a number of residents get together we would be willing to increase the amount of funding beyond that as set out in the general scheme. We will talk to prospective applicants in relation to these.

Ms Margaret Kennedy and Ms Bernie McCarthy will again be dealing with the Scheme.
